## The Power of Pink

"Women in pink are the ultimate power statement," says **Danielle Keasling**, **Matrix** artistic director, NAHA finalist, former MODERN SALON cover artist and owner of **Salon Karma** in Bluffton, South Carolina.

Keasling created a range of pink hues on her models (using Matrix Lacquers Magenta, Pastel Pink and ColorSync Pink Quartz) and gave them retro styles—a la Marilyn Monroe's heyday—with contemporary vibes.

"Whether it's a soft, delicate pastel pink or a bold and energized fuchsia, women who wear pink are the ultimate in female power and are iconic in their own right," Keasling says.
